

Brushes and Accessories

Different jobs, different brushes.

The Rotowash is a versatile carpet and floor cleaning machine that allows the operator a seamless cleaning experience going straight from carpet to hard surface floors with ease. Depending on the job, it may be necessary to change brushes before transitioning from one floor type to another. The guide to the right will help you decide which brush is right for your job.

Brushes

	Soft	Medium (Standard)	Hard	Polishing	Escalator
R20 –10"	\$100	\$100	--	\$110	--
